RBI proposes stricter data governance framework

FE BUREAU
Mumbai, July 15

THE RESERVE BANK of India (RBI) on Wednesday proposed that banks, NBFCs and other regulated entities (REs) should put in place processes to manage data risk as part of the overall risk management framework.

"The guidance sets out broad regulatory expectations relating to data governance, roles, architecture, metadata and lineage, quality, and third-party arrangements involving data sharing," the RBI said. It has sought feedback by August 17.

Commercial banks, small finance banks, payments banks, cooperative banks, regional rural banks, non-banking financial companies (NBFCs), all-India financial institutions, asset reconstruction companies (ARCs), and credit information companies will come under the ambit of the guidelines.

"As the volume, variety and velocity of data continue to increase, effective data governance has become essential to ensure that data remains accurate, consistent, secure and fit for purpose across functions and systems," the RBI said. "Weaknesses in data governance and its management can lead to broader financial, operational, compliance and reputational risk for REs," the norms said.

Weaknesses in data governance and its management can lead to broader financial, operational, compliance and reputational risk for REs, it added.

As per the draft, REs will have to put in place a data governance framework covering the entire data lifecycle.

The RBI has proposed that the board will oversee the data governance framework, while every RE must either constitute a dedicated board-level data governance committee or assign the responsibility to an existing board committee. The committee would be responsible for approving data governance policies, overseeing implementation, reviewing material breaches, and reporting key issues to the board.

The RBI has also proposed that every RE maintain a "single source of truth" for each data element, ensuring that downstream systems, models, and business processes rely on one authoritative source.

Paytm stays majority Indian-owned for second straight qtr

ONE 97 COMMUNICATIONS, THE parent entity that operates the brand Paytm, remained majority Indian-owned and witnessed a further increase in domestic ownership during the quarter ended June 30, 2026, with domestic investors increasing their shareholding to approximately 51.6%, according to its latest shareholding pattern filed with the bourses.

This sustained increase from 50.3% domestic shareholding in the previous quarter underscores Paytm's position as an Indian-owned and controlled company (IOCC), a milestone it first achieved in March 2026, and signals deepening conviction among long-term Indian institutional and non-institutional investors.

Domestic institutional ownership also rose to an all-time high of 24.9% in Q1 FY27 from 23.1% in Q4 FY26. The increase was led by mutual fund houses, which collectively raised their holdings to 17.9% from 16.6%. The number of mutual funds investing in Paytm also rose to 43 in Q1 FY27 from 41. **—PTI**

HDFC Life sees pick-up in parent-bank sales

NISHIT NAVIN
July 15

HDFC LIFE INSURANCE said sales through parent HDFC Bank have picked up as competitive pressures ease, supporting its growth outlook for the rest of the fiscal year.

The private insurer had been losing share in overall policies sold by parent HDFC Bank as competition intensified with rivals offering products at lower prices.

Indian insurers owned by banks have typically relied on a large share of their sales through banks. Regulators have been encouraging lenders to widen insurance partnerships to boost customer choice.

Competitive pressures and "irrational" pricing had eased, HDFC Life said on Wednesday, with the share of sales from HDFC Bank recovering to levels seen a year earlier, even as overall business through that channel remained subdued.

"We see growth picking up as a matter of time," CEO Vibha Padalkar said in a post-earnings call, adding the sales via HDFC are expected to contribute "more meaningfully" to growth as the year progresses.

HDFC Life reported a 12% rise in profit for the three months ended June 30, helped by strong policy renewals and with the bank channel contributing 57% to total sales.

The annualised premium equivalent, a key measure of new business, rose 9%, compared with a 12.5% growth a year earlier. Value of new business, or expected profit from new policies, increased 9%.

For HDFC Life, new business margins were steady at 25% and net premium income rose about 14% to ₹16,548 crore, with renewal premiums climbing 19%.

Shares of HDFC Life settled at ₹567 on the BSE, up 2.15% from the previous close. **—REUTERS**

HDB Financial profit rises 48% on loan demand

HDB FINANCIAL SERVICES posted a higher first-quarter profit on Wednesday, supported by healthy loan demand and improving asset quality.

The net profit rose about 48% to ₹785 crore.

Consumer finance loans grew more than 21.1%, outpacing enterprise lending, which grew nearly 8% in the quarter, according to Reuters calculations.

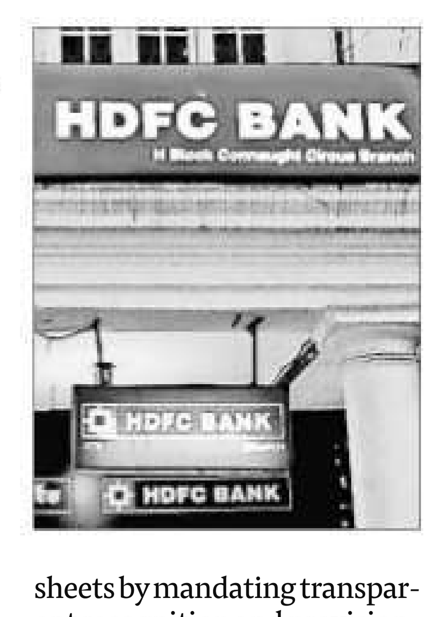
The company, a unit of HDFC Bank, said its assets under management rose 11.3% year-on-year to ₹1.22 lakh crore, while net interest income increased 11.2% to ₹4,262 crore.

The lender's net interest margin expanded to 8.4% from 8.2% a quarter ago and 7.7% a year earlier.

Gross Stage 3 loans, those overdue by more than 90 days, stood at 2.34% of total loans at the end of June, down from 2.44% at the end of March. **—REUTERS**

HDFC Bank secures RBI approval for Rajiv Kumar's 3-yr term as chairman

PRESS TRUST OF INDIA
New Delhi, July 15



HDFC BANK ON Wednesday said the Reserve Bank of India (RBI) RBI has approved appointment of former Chief Election Commissioner Rajiv Kumar as part-time chairman of the bank for a period of three years. His appointment comes into effect from July 15, HDFC Bank said in a regulatory filing.

Interim chairman Keki Mistry continues to be a non-executive non-independent director of the bank, it added.

Kumar is former Chief Election Commissioner of India and Finance Secretary. Kumar had been instrumental in revitalising public sector banking and the financial sector as the secretary in the Department of Financial Services between 2017 and 2020.

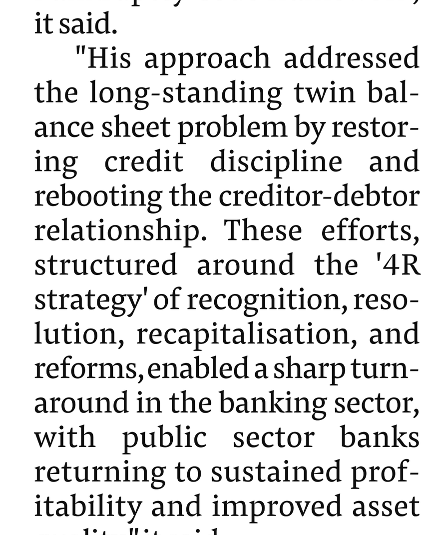
Within a fortnight of Kumar joining Department of Financial Services, accounts of about 338,000 shell companies were frozen, hitting at the architecture of black money itself. Curbs on ponzi schemes followed.

Through decisive policy direction and execution, Kumar led a comprehensive clean-up of bank balance sheets by mandating transparent recognition and provisioning of NPAs and by enforcing accountability among borrowers under the Insolvency and Bankruptcy Code framework, it said.

"His approach addressed the long-standing twin balance sheet problem by restoring credit discipline and rebooting the creditor-debtor relationship. These efforts, structured around the '4R strategy' of recognition, resolution, recapitalisation, and reforms, enabled a sharp turnaround in the banking sector, with public sector banks returning to sustained profitability and improved asset quality," it said.

Tata Capital mops up $400 million via bonds in US

PRESS TRUST OF INDIA
Mumbai, July 15



Fundraise will support the company's liability profile as well as its long-term growth strategy

NON-BANK LENDER TATA Capital on Wednesday announced a ₹400-million fundraise from the international bond markets. The Tata group's financial services arm raised the money by issuing a fixed rate senior unsecured Reg S Bond with a 3.5-year tenure, a statement said.

Managing Director and Chief Executive Rajiv Sabharwal said the fundraise will support the company's liability profile and also its long-term growth strategy.

The transaction was priced at 1.07% over 3-year US Treasury bonds, and the fixed coupon or interest rate is 5.332%.

Investors in Asia and Europe, Middle East and Africa (EMEA), including asset managers, insurance companies, banks and other institutional investors participated and the final order book was oversubscribed by four times, it said.

This is the second such outing for the company, and it becomes the only Indian private sector NBFC to have accessed the dollar bond market with an investment grade rating at the time of issuance.

The issue has been done under its $2-billion external medium-term notes programme and supports diversification of funding sources.

Tata Capital shares closed 0.48% up at ₹357.50 on the BSE on Wednesday as against gains of 0.17% for the benchmark Sensex.
